

CPD event: Meet the consultants, Part II: When to refer to an orthopaedic knee specialist

Date: Wednesday 22nd September 2010

Venue: Spire Gatwick Park Hospital, Povey Cross Road, Horley, Surrey
RH6 0BB www.spirehealthcare.com/gatwickpark
(maps/directions sent with registration confirmation).

Speaker: George Tselentakis FRCS (Tr & Orth), PhD

Consultant in Trauma and Orthopaedics, East Surrey Hospital. Consultant
Orthopaedic Surgeon at Spire Gatwick Park Hospital

The seminar, which forms the second in a three part series, will be presented by George. His practice involves all aspects of knee surgery and, more specifically, anterior cruciate ligament (ACL) reconstruction, meniscal repairs and articular cartilage regeneration techniques such as microfracture and autologous chondrocyte (cartilage) implantation, as well as total and partial knee replacements using new computer assisted surgery techniques.

The presentation will review a number of common knee conditions, including testing, key points in reaching a diagnosis and treatment options. George will then discuss when a chiropractor should consider referral to an orthopaedic consultant and provide an overview of current surgical techniques for knee injuries.

Programme

18:30 Registration and refreshments
19:00 Seminar
21:30 Finish
